Dear Teachers,

We are excited to share the news! KVSC has adopted Pearson EasyBridge Plus that simplifies how you and your students access Pearson K12 digital products.

Your Pearson products include:

- All Pearson online products including Realize content.

You can now access Pearson EasyBridge Plus directly from the "Pearson EasyBridge Login" link found on the KVSC website using your district Google account username and password. Once logged into your KVSC Google account, click on the EasyBridge Plus login link under "Staff".

Please find below your login instructions for Pearson EasyBridge Plus along with links to support and training resources. Please keep this information in a secure place.

IMPORTANT:

If you previously self-registered, or had a previous Pearson account, stop using that account and access your Pearson products from the KVSC website.

Thank you,

Eric

SIGN IN INSTRUCTIONS

1. Log into your KV Google Account.
2. Go to the KVSC website and click the **"Pearson EasyBridge Login"** link under **"Staff"** to access Pearson EasyBridge.
3. EasyBridge will open up in a new tab in the browser. Here you can add or manage products on class sections, view student rosters, and access curriculum content on the Platforms, i.e. Realize or SuccessNet.
4. To access a Learning Platform, click the name of the Pearson curriculum product listed under the class section or click a learning platform link in Learning Systems list on the right side of the dashboard.

If you land on a page where your login does not work, look for the Pearson EasyBridge icon . Click that icon to access a new sign-in page. In the first field, type your district name and select your district from the list in the second field. Click **Go**. Now sign in to your district SIS or portal and follow the instructions above to access Pearson EasyBridge and then a Pearson learning platform.
